SUBJECT: Extending the Life of Test Scores

As authorized under KRS 18A:110(7)(d), I am extending the life of all Internal Mobility registers for one additional year effective August 15, 1997. Thus, the names of all state employees who are currently on Internal Mobility registers or are placed on Internal Mobility registers in the future will remain on these registers for two years.

This will reduce the frequency with which state employees need to test, re-file applications, and be away from their work stations.

A copy of this memorandum should be distributed to all state employees. If questions arise concerning this matter, please contact David R. Cooke, Deputy Commissioner of the Department for Personnel Administration, at 502/564-6920.
